

## Arbor's School Supply List 2020-2021

This year's school supply list is divided into two categories for each grade level. Due to the pandemic, we need to make sure that EVERY student has their own school supplies. Supplies in the classroom cannot be shared. The MUST-HAVE category are the supplies that the teachers determined as the most important supplies to bring to school on the first day of in-school instruction. The ADDITIONAL DESIRED supplies are school supplies that the teacher would like the students to have in school. Students should have all of the supplies in both categories; however, we understand that the pandemic may have caused financial hardship. If so, the MUST-HAVE supplies are a priority.
