Dear Students, Families and School Staff,

Bellefaire School Based staff is committed to assisting all of you through this difficult time. Our school based therapists will continue to provide mental health services to all open clients. We also will accept any new referrals in the schools that we provide services to within each district.

The following services will be provided at this time by our agency.

- Tele-health will be offered by Bellefaire therapists and QMHS staff to all clients and referrals. This will consist of sessions taking place over Skype, Zoom, etc. in place of face-to-face in person sessions. Therapists and QMHS staff will assist with the set-up of tele-health with families. We have worked in conjunction with state boards to adhere to guidelines of tele-health to allow for this to happen quickly.
- Phone calls will continue for parents and clients that are unable to utilize face-to-face tele-health sessions.
- Phone calls are available for all school staff within our buildings to provide support and resources.

Should you have a question, concern or would like to get assistance during the COVID-19 pandemic, please feel free to contact any of the below Bellefaire School Based Administration:
