### **LATEST AS OF 9 P.M. MONDAY, MARCH 16**

Dear Families & Staff

This is Chris Papouras, Euclid Schools Superintendent, with what promise is my last call of the day.

With the confusion for tomorrow's election caused by State officials and the courts, we encourage all residents to refer to the news for the most accurate election information. As of right now, Election Day will take place tomorrow - March 17, with polls being open from 6:30 AM - 7:30 PM. The schools issue is Issue 27.

As always, thank you for being our partners in supporting children.

### **COVID-19 FOLLOW UP ON MONDAY, MARCH 16**

Hello,

This is Chris Papouras, Euclid Schools Superintendent with a follow-up from today's earlier message.

Governor DeWine just announced that tomorrow's Election Day has been postponed due to health concerns over the coronavirus outbreak. Therefore, if you received previous communication on the election, please disregard it. Once again, per the state order, tomorrow's election has been postponed.

By the end of this week's Spring Break, the District will still provide information on at-home learning options, student meal distributions, and other school-related matters. For this week, I encourage all families to follow the CDC recommendations which can be found on our webpage.

Thank you once again for being our partners in supporting children.
